John - To follow up on our conversation, I talked to Ben and gave him your numbers. He should get in touch with you soon. I will be out Monday and Tuesday but Elizabeth will be back in the office. Ben understands the urgency and is working to coordinate within the Region to make sure the correct representatives are included. I do not know if he will have that cleared by tomorrow but he is pushing it as fast as he can.

Thanks a lot. This is a huge issue for us, so much appreciated. I saw the draft budget. Yikes.

John,

I am on a call with EPA headquarters and have an All Hands Meeting immediately after that I cannot get out of but will call you as quickly as I can get free.

I need to talk to you immediately about a site the Region is moving forward for NPL listing – its pre-score is high enough, and it obviously will be Fund-lead. It hasn't hit Carlos' desk yet, but I've spoken w/the guy who's handling the listing.

The City had not been told about this site until the Park & Recreation biologist happened on the site in connection with feral pig issues. It's in an EJ community and is ca. ¼-mile from Paul Quinn.

We have a duty to inform the City Council asap, so a memo is to go out shortly. I'm in the review loop and asked that it be held in abeyance until I talk to you and the public affairs folks. This will be a huge issue if we don't coordinate asap.

Please call me as soon as you can. I left a VM message at the office and tried you on your cell, but your service apparently doesn't allow messages if the "subscriber is currently unavailable."
